

[☰ Instructions](#)

1. According to the video, what is a potential drawback of content coupling?

1 point

- ☐ It prevents any interaction between modules, making code integration difficult.
- ☐ It can lead to the need for external modules to 'reach in' to access inner modules, breaking the engineering model.
- ☐ It complicates the process of data chaining between modules.
- ☐ It requires that all modules have global access to each other's data.
